

The Arlington Rotary Club meets every Thursday 12:00 PM at Christos Restaurant, 155 Wilbur Blvd., Poughkeepsie, NY.

Since its inception in 1953, the club has actively supported community service activities, vocational and youth service activities and international service activities.

All of the proceeds for Casino Night in Autumn will be for the benefit of Abilities First and College Scholarships for students of the Arlington School District

"Our image is meant to capture what is at the heart of our work – the wonderful abilities of our program participants."

About Abilities First

Our journey started in 1962 with a handful of visionaries who believed that people with disabilities need not be placed in institutions (the widely accepted practice at the time), but rather cared for, educated and given a well-deserved chance to enjoy rewarding, fulfilling lives. Thus, Rehabilitation Programs, Inc. was born – making its first home at The Little Red Schoolhouse, located in the heart of beautiful Poughkeepsie, New York. Though initially designed to meet the educational needs of a very small number of individuals, the enormous popularity of Rehabilitation Programs was evident – and our outreach grew by leaps and bounds, eventually including people of all ages and levels of disability.

It was because of REHAB Programs (as we later became known) that families began to celebrate important milestones with their loved ones that were as poignant as the transformational moments when the word "disability" first made itself known to them. Countless stories of first steps, first words, first jobs, first apartments and first friends have continued to unfold ever since. Now, with almost fifty years of enhancing the lives of people with disabilities, we celebrate our long history and our promise for tomorrow as Abilities First.
